This permit is issued subject to all prior rights on the source. The amount of water herein granted is placed at 2.5 cubic feet per second for the full 320 acres applied for, notwithstanding the fact that a portion of the land included in this application is listed under proof of appropriation No. 01648. The acreage entitled to a vested right, if any, will be deducted from the certificate under this permit when issued. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that the applicant agrees to the terms herein contained.

The first of these is the fact that the
 Government has been unable to secure
 the necessary funds to carry out its
 policy of non-interference in the
 internal affairs of the country.
 The second is the fact that the
